University-Recognized Organizations

CONTENTS

In this resource booklet we have attempted to consolidate information both for and about the approximately two hundred officially recognized extracurricular student organizations at the University of North Carolina at Chapel Hill.

No claim is made to full comprehensiveness, either in the statement of procedures and regulations or in the annotated listing of groups and their activities.

Both Student Government and the Office of the Dean of Student Affairs stand willing to provide assistance and general support for existent or newly developing extracurricular organizations. Please let us know how we can be of help.

"The University of North Carolina at Chapel Hill is committed to the principle of equal opportunity. It is the policy of this University not to discriminate on the basis of race, sex, color, national origin, religion, or handicap with regard to its students, employees, or applicants for admission or employment. Such discrimination is also prohibited by federal law. Any complaints alleging failure of this institution to follow this policy should be brought to the attention of Ms. Susan H. Ehringhaus, Assistant to the Chancellor, 933-1219."

I. INFORMATION, SERVICES AND PROCEDURES

Official University Recognition

The University officially recognizes a variety of extracurricular organizations providing a broad range of interest, involvement and opportunities for personal development for students. Official University Recognition is routinely granted to organizations fulfilling the following requirements:

- submission of constitution, by-laws, and/or other official statement of purpose or operation.
- listing of names and addresses of major officers of the organization. All such officers must be registered students at the University. Listing of an organization's membership is not required.
- listing of a faculty advisor.
- submission of a written affirmation of openness to full membership and participation in the organization by members of the student body without regard to race, religion, national origin and, except where specifically exempted by law, sex.
- certification that a majority of the members of the organization are registered students at the University.

Official University Recognition of an extracurricular organization carries some or all of the following benefits:

- use through reservation of certain University facilities, property, services or equipment such as meeting rooms, athletic facilities, etc.
- use of the University's name in the organization title.
- right to seek funding from Student Activity Fees by application to the Campus Governing Council.

Official University Recognition is granted at any time during the year and normally expires on the 15th of September of the succeeding academic year. Application forms for initial Official University Recognition or for renewal of Official University Recognition are available from the Office of Student Affairs, 01 Steele Building. Any questions concerning the recognition process should be addressed to that office.

Use of University Facilities

The physical facilities of the University of North Carolina at Chapel Hill have been provided to enable the University to perform effectively its general educational function. Such physical facilities may be divided into three categories: 1) those directly associated with classroom activity; 2) those "non-classroom" facilities such as auditoriums, athletic plant, exhibition halls, and open space; 3) facilities provided for special programs and purposes such as the Morehead Planetarium, the Carolina Union, the Institute of Government, and the Carolina Inn. Facilities included in this latter category are administered by their own governing boards.

In all cases the accomplishment of the general educational function of the University has first priority in the use of any University facility. Requests for use of rooms in the Union, Memorial Hall and Gerrard Hall, and the Pit must be cleared through the Central Reservations Office located in the Administrative Office of the Carolina Union. Student organizations wishing to use rooms in other University buildings should come to this same office. In some cases referral to another office may be necessary. The Carolina Union Central Reservations Office is open from 9:00 a.m. to 5:00 p.m., Monday through Friday, and is located in Room 201 of the Union. The phone number is 966-3128.

Use of lounges and other facilities within University residence halls is primarily for residents of those buildings and is subject to the control of the Department of University Housing and the individual residence unit concerned.

Groups eligible for the use of University facilities include the following:

1. University academic departments, schools, colleges, or University administrative units.
2. Officially recognized faculty, student, and employee organizations.
- 3) Under certain limited circumstances, non-University organizations may be authorized to use University facilities upon request.

The following policies apply to the use of University facilities by any group.

1. Facilities shall be appropriately utilized in relation to the requirements of the function so far as staging, anticipated audience, type of function, etc. are concerned.
2. Extra expenses incident to the use of this facility shall be borne by the using department or organization.
3. With respect to events for which an admission charge is contemplated the following will pertain:
 - A. No use of University facilities may be made for the purpose of personal gain.
 - B. No admissions event may be staged for fund-raising purposes unless approved by the Director of Central Reservations or sponsored by a University department.

- C. Organizations intending to sponsor an admission event shall satisfy the Central Reservations Office as to their financial capability for meeting contractual arrangements in cases where financial loss is possible.
- D. Any sponsoring organization shall follow sound business and accounting practices including requirements of the Student Activities Fund Office.
- E. No contract involving the use of University facilities shall be signed by a student organization until the contract has been approved by the Director of Central Reservations.

The following policies pertain to the use of open space.

- 1. No permanent or semi-permanent structures may be constructed for any activity in these spaces.
- 2. No activities may be held which render a space unsatisfactory for use in its normal or primary function.
- 3. Reservations shall be made through the Central Reservations Office for use of athletic fields. Other open space such as Polk Place, McCorkle Place, and Y Court generally may not be reserved and are available only for small, informal, unannounced gatherings where such use is not disruptive to normal classroom activity or disturbing to the community at large. The Forest Theater is reserved through the Department of Dramatic Art. Any use of amplification equipment there must be approved by the Department.
- 4. Public address and amplifying systems may be used in the Carolina Union "Pit" during non-class hours in such a manner as to not interfere with the academic activities of the University. Permission to make use of any such amplification equipment, however, must first be obtained from the Central Reservations Office.

The Union has some audio equipment available for use in the Union. The Central Reservations Office or the Office of the Director of the Union, can give suggestions as to where your group might be able to secure the use of other audio equipment and PA systems.

Student Government Funding

Every student pays fees (\$18 for undergraduates and \$14 for graduates per academic year) to support Student Government, much of which is allocated to student organizations like those listed in this directory through the Campus Governing Council. For the past 29 years, Student Government has had the power to allocate and administer, through the Student Activities Fund Office (SAFO), its own student fees. By Trustee action, \$6 per student per year of the student fees are turned over to the Carolina Union for its programs. The remainder is used by Student Government to sponsor its own programs, to help support The Daily Tar Heel and other publications, and to fund some of the University recognized organizations which have submitted their constitutions and by-laws and a budget request to the CGC. A lump sum is allocated to the Graduate and Professional Student Federation, which allocates and administers funds to the various departments which fall under its jurisdiction.

Because of the great numbers of organizations, many of which ask for and deserve Student Government funding, the CGC has had to make certain laws and policies to guide the funding process. The CGC will not grant money to organizations for purely social affairs. It is also policy not to fund undergraduate academic department groups. Student Government recognizes that the privilege of allocating and administering student fees requires the acceptance and proof of financial responsibility on the part of Student Government in the budgetary process and on the part of the organization in the spending of these funds.

The Requisition System

Student Government's knowledge of where and how funds are spent is necessary to insure this financial responsibility. The requisition system has been established as a method of public accountability of the funds which is fundamental to this responsibility. Elected and acting treasurers of the Student Government funded organizations meet with the Student Body Treasurer at the beginning of each year to be sure they understand the Treasury Laws and required procedures for using their funds through SAFO. Any specific questions about Treasury Laws or procedures should be directed to the Student Body Treasurer in Suite C of the Union.

In order for a group to spend funds allocated to it, after its treasurer has been signed in for the year, the group's treasurer fills in a Requisition Request form (obtained from the Student Body Treasurer), which includes the name of the vendor and the cost of the merchandise (or corresponding information in other situations). The treasurer then completes a four-part requisition form in SAFO. (Unprocessed requisitions may not be removed from the office.) After completing and signing the requisition it is given to a SAFO staff member to be processed. Two copies of the processed requisition are given to the treasurer, one for the group's files and the top copy to be used as a purchase order to be presented to the vendor involved. Most Chapel Hill merchants will accept the requisitions and bill the group by mail.

After receiving the bill, the group treasurer types a check for the amount, signs it and gives it to a SAFO staff member for processing. The check should then be mailed by the group treasurer. Please remember that late requisitions, that is, requisitions not completed prior to either the purchase of goods or to a commitment to purchase goods, are violations

of the Treasury Laws and must be approved by the Finance Committee Chairperson and Student Body Treasurer. If they are approved, a financial penalty is assessed to the group. The only exception to this law is phone bills.

Please remember that there's a lot more to the whole process than we've been able to present here. Do ask questions if you need more information on the requisition system. Either the Student Body Treasurer or SAFO staff will be glad to help.

Groups not funded by Student Government may handle their money, from whatever source, apart from SAFO. However, any groups either totally or partially funded by Student Government must handle all their funds, from whatever source, through SAFO. Again, Student Government's financial responsibility in allocating the limited funds to the many deserving groups is the motivation for this procedure. The Chairperson of the CGC Finance Committee can answer questions about the budget and about how to apply for Student Government funding. He can be contacted through the CGC office in Suite C of the Union.

Financial Accountability

Whether or not a group is funded through Student Government or handles its finances through the Student Activities Fund Office, several points regarding the handling of "group funds" should be understood and practiced by treasurers and presidents. The two primary elements of a group financial responsibility include "Traceableness" and "Public Report" of all incomes and expenditures.

"Traceableness" includes the use and retention of receipts and/or other written documentation to support all financial transactions. Such records might include purchase receipts, minutes of meetings authorizing expenditures, receipts for dues received or cancelled, personal checks where reimbursement is requested. In general sufficient evidence of the reason for any item of income or expenditure should be retained to allow a later treasurer or group member to understand the rationale for each transaction.

"Public Report" is the practice of issuing a periodic financial statement to the persons most directly concerned with the financial affairs of the group in question. In addition, it may be the responsibility of a group's treasurer to alert the officers or membership of an expected or projected financial difficulty.

Audio-visual Equipment

The Audio-visual Department located in 111 Abernethy Hall (933-1108) will rent, for a nominal fee, tape recorders, film projectors, topical films and public address systems for officially recognized student, extra-curricular organizations. An extensive catalog of films is available upon request at the department office.

Mimeograph and Duplicating Facilities

A mimeograph machine and a duplicating machine are available for use by groups, free of charge, in the Student Government Office, Suite C of the Union. You must bring your completed stencils, and your own paper and ink or fluid. These supplies are available from the Student Stores. Also, you must do the actual running of the machines yourself (the Student Government Executive Secretary will show you how). For more information call 933-5201.

Publicity

The Daily Tar Heel offers space in a daily column titled "Campus Calendar" for announcements of group meetings or activities. Information for inclusion in Campus Calendar should be typed on the forms provided by the DTH and submitted through the Campus Calendar box outside the DTH Office in the North Gallery of the Union before 4:00 p.m. of the day before the announcement is to appear. The submitter of the information should include the date or dates the announcement is to run and his or her name and phone number in case any questions about the specifics of the announcement arise before it goes to print.

WCAR radio station, located in the basement of the Union, will make free announcements of group meetings and activities if the information is sent or delivered to its office.

The Carolina Window is printed by the University News Bureau two or three times during the academic year and includes announcements of the activities for the current semester. Groups may submit announcements for the Window to 302 Bynum Hall.

WCHL radio station will make public service announcements without charge. The announcements should be printed on cards and submitted to WCHL at 1721 East Franklin Street, Chapel Hill, N. C. 27514. Questions should be directed to Peaches Hauser or Pam Faircloth at WCHL (942-8765).

A large bulletin board calendar on one wall of Suite C is available for posting announcements of groups' meetings and activities, neatly printed on small squares of paper.

Security Services

The Office of Security Services provides a number of services to student organizations. Although Campus Police officers are normally available quickly upon request, groups planning large social functions often employ "off-duty" officers to be present for an entire event to assist where necessary.

Groups planning out-of-doors social events can often secure the temporary use of parking areas for dances, etc., by contacting the Security Services Office well in advance.

Special parking arrangements can occasionally be made through the Traffic Office for guests of student groups who may be visiting the campus for a program. The Traffic Office can be contacted at 933-3951 or in the Y Building.

Several persons within the Security Services Offices are regularly available to talk with student groups about concerns such as residence hall security, rape prevention, theft precautions, etc. The Security Services Office is located in the Campus Y Building and can be reached at 933-8100.

Town of Chapel Hill Noise Ordinance

The following is an excerpt from Chapel Hill City Ordinances Section 11-41 and is of particular interest to any organization planning to use or hire any amplified sound system or band.

"Sec. 11-41. Permit program for sound amplifying systems or devices used or operated for hire.

It shall be unlawful for any person to use, operate, cause to be used or operated, or allow to be used or operated, any sound amplifying system or device for hire without first having obtained a valid permit for such use or operation from the chief of police, or his delegate. Said permit shall be issued upon application, shall specify the permissible hours and location of such use or occupation and shall be valid only for the hours and location specified therein.

If at any time the chief of police or his delegate determines that the manner of use or operation of the sound amplifying system or device will unreasonably disturb the comfort and repose of any person, at any location outside the location for which said permit has been issued, he shall first warn against continued use or operation in such manner. If use or operation continues in the manner warned against, the chief of police or his delegate shall revoke the permit for such use or operation and such use or operation thereafter shall be unlawful. (Ord. No. 0-72-50, § 1, 11-6-72)"

Permits for use of bands are available from the Chapel Hill Police Department and should be secured before the beginning of the program. Both the president of the organization and the band leader should go to the main desk of the Chapel Hill Police Department (corner of Rosemary and Columbia Streets) to secure the necessary permit.

Chapel Hill Sidewalk Sales

Groups engaged in charitable drives for community services may apply to the Chapel Hill Town Manager for permission to display and sell goods on the sidewalk. Those wishing such permission must fill out an application form available from the Town Manager's Office. The application gives the name and purpose of the group, the time and location of the sale, and an address through which the group can be contacted.

Under no circumstances may such sales impede the flow of traffic on the sidewalk, block crosswalks, or occur within 50 feet of an intersection.

Chapel Hill Street Closings

Persons who wish to close a street temporarily must fill out a form available in the Town Manager's Office. The form includes the time and date of closing, the portion of street involved, and the purpose for the closing. The Town Manager may grant approval of closings only for street or utility construction or maintenance, and building construction or moving.

All other street closings must be approved in advance by the Board of Aldermen. Applicants are requested to get signatures of approval from all houses affected by the closing. Because of the considerable staff work involved and the potential rerouting of traffic, ALL STREET CLOSINGS REQUESTS MUST BE RECEIVED AT LEAST TWO WEEKS IN ADVANCE.

Franklin Street Banners

With permission from both the Town Manager and the Electric Department of the Utilities Division, persons may provide banners to be strung across Franklin Street near the Post Office or near Fowler's Food Store. Applicants can fill out a form at the Town Manager's Office giving their address and the wording, purpose, and installation and removal dates of the banner. When approved by the Town Manager, the applicant may present the form to the Electrical Distribution Office on Jones Ferry Road, Carrboro.

Chapel Hill Fire Department Inspection

Inspector J. H. Robertson of the Chapel Hill Fire Department inspects fraternity and sorority houses on an annual basis and assists house managers in the correction of fire hazards. These inspections are scheduled in the fall and performed in the company of a house officer. Requests for additional safety inspections or for any information concerning fire safety practices, equipment or development of emergency evacuation plans may be addressed to the Chapel Hill Fire Department, Fire Inspector's Office, 942-3360.

Fire extinguishers which are not University owned can be recharged for a nominal fee at the main Chapel Hill Fire Station located on North Columbia Street one block north of the Chapel Hill Police Department.

Chapel Hill Trash Collection

A regular trash (not garbage) "pick-up" is routinely conducted on public streets every Wednesday by the Town of Chapel Hill. Any resident wishing to have trash (i.e. old furniture, leaves, etc.) picked up should place it at the curb no earlier than Tuesday evening. A special trash pick-up can also be scheduled by contacting the Sanitation Foreman at 967-1072 at least twenty-four hours in advance.
